Affiliate HTML-link:

Affiliates aren't obliged to insert their affiliate code into links on the verified website. Place simple links, and those clients, who are redirected to the Company's website by these links, will be identified using a referer-header and included in your partner group after registering an account.

To verify your website, place one of the banners from "Your banners" section or HTML-link with class="agentID" attribute on one of its pages.

Examples of HTML-links:

RoboForex main page:

```
